Proposed Budget
Highlights
and
Analysis

FYE 2022-2023 BUDGET HIGHLIGHTS

- * The General Fund's budgeted loss before transfers-in is \$1,025,423. A budgeted \$966,000 transfer-in from the Water and Wastewater Fund to continue to aid the General Fund's support of EMS and SNAP Funds is required. Also, \$2 of the \$5 landfill fee charged to each residential customer is transferred into the General Fund from the Refuse Fund for cleaning up nuisance abatement properties. The budgeted transfer in to the fund from Refuse is \$88,000. The fund's loss was primarily due to \$674,155 requested capital outlay (please referr to the Captial Outlay tab for detail), a \$389,720 (5%) increase in Personal Services, a \$204,963 increase to contracted services which includes professional services, utilities, and Internal Service Rentals which had an increase of \$136,624 due to budgeted equipment purchases. There is a \$68,871 increase over last year's budget to transfers to EMS, SNAP and Cemetry funds.
- * The Refuse Fund's budgeted loss before transfers-in is \$258,778. A transfer-in from the Water and Wastewater Fund of \$261,500 has been budgeted to support the Refuse Fund's continued loss. As previously stated, \$2 of the \$5 landfill fee charged to residential utility bills, \$88,000, is transferred to the General Fund for its use towards nuisance abatement properties. \$16,500 has been requested in Capital Outlay for required landfill fence.
- * The Water and Wastewater Fund will have a loss of \$4,342,762 after the total transfers out of \$1,227,500. The net loss is covered by depreciation, a non cash item of \$1,694,100 and non expense items of capital outlay from savings of \$2,467,500 and the principal bond payments of \$1,853,000 from Debt Service. Contractual Services increased \$634,713 over last year's budget due to the increasing costs of services to maintain systems.
- * The Internal Services will have a loss of \$1,181,742. This loss is predominately due to the capital outlay from savings of \$1,246,700. The capital outlay, if approved, will be funded by savings, grant when available, and possible note proceeds. This loss will be covered by the non cash item of \$440,500 depreciation and the non expense item of capital outlay.

2 Personnel and payroll changes:

- * To help employees combat the rising cost of living and family insurance deductions, the City Manager is requesting a 4.6% cost of living raise included for all employees. This will be a city wide increase of approximately \$352,203. Merits were requested in the Water and Sewer fund to retain valued employees.
- * Requested additional positions are in the Public Safety and Wastewater departments. The General Fund full time positions requested are an additional dispatcher and one fireman/EMT. An additional Wastewater operator is also requested in the Enterprise Fund.

- 3 \$160,000 was included in the Street Department for seal coating.
- 4 The swimming pool is budgeted to be open for FYE 2023. Budgeted expenditures have been increased to \$155,695 to reflect the higher costs of chemicals.
- 5 Only essential capital outlay was included. See Capital Improvement Plan for details.
- * \$15,000 was included in Capital Outlay to replace the Municipal Auditorium A/C system.
- 6 Professional Services was increased \$20,000 to continue Planning and Development's comprehensive Plan.
- 7 2021 TWDB Loan funds and the capital improvement expenditures have not been included this budget since those funds will be disbursed according to the TWDB's budget out of Escrow.

PROPOSED CENTRAL RATE SCHEDULE CHANGES:

- To replenish the Water and Sewer fund from five years of transfers out to the General and Refuse funds; increased costs of water and wastewater system maintenance materials; and financing repayment, a proposed 5% increase to residential water and sewer rate is requested. This increase will raise approximately \$300,000 per year. Additionally, a 5% increase requested for the loading dock, bulk, wholesale treated water and untreated raw water. No change to commercial water or sewer rates.
- A proposed \$15 increase to the lake lot boundary locates fees for adequate compensation and efficient use of staff time.
- Proposed creation of Impact Sewer Line fees.
- A \$15 increase to Lake Lot Locate boundaries.
- To keep up with the 2.9% annual increase Republic Services charges the City of Sweetwater, Refuse proposes a 4.5% increase to residential customers billed by the City. Commercial customers' rates will be increased 2.9% which are directly billed by Republic Services.

RATE INCREASE HISTORY:

- FY 2016 the last residential water and sewer rate increase was 15%
- FY 2018 Residential refuse rate increased 10%
- FY 2019 Added the \$1 landfill development charge.
- FY 2020 –Commercial only water and sewer rate increase was 10%. Increased the landfill development charge from \$1 to \$2.
- FY 2021 increased the landfill development charge from \$2 to \$3. 5% meter increase. Refuse contracted with Republic.
- FY 2022 5% increase to residential water and sewer rate. Increase to Landfill/Abatement fee from \$3 to \$5.

Citywide, there wasn't a change in the number of full time employees budgeted for FYE 2023. However, changes were made within the individual departments. An additional Communications Officer is requested in the Police Department to help relieve increased 9-1-1 calls. An additional Fireman/Paramedic is requested to complete the shifts and help to relieve overtime. 3 temporary Fire/EMS positions were removed due to retirement. An additional Waste Water Operator is also requested.

Notice about 2022 Tax Rates

Property tax rates in City of Sweetwater.

This notice concerns the 2022 property tax rates for City of Sweetwater. This notice provides information about two tax rates used in adopting the current tax year's tax rate. The no-new-revenue tax rate would Impose the same amount of taxes as last year if you compare properties taxed in both years. In most cases, the voter-approval tax rate is the highest tax rate a taxing unit can adopt without holding an election. In each case, these rates are calculated by dividing the total amount of taxes by the current taxable value with adjustments as required by state law. The rates are given per \$100 of property value.

This year's no-new-revenue tax rate This year's voter-approval tax rate \$0.4987080/\$100 \$0.5084420/\$100

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements or Comptroller Form 50-884 Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts or Comptroller Form 50-860 Developed Water District Voter-Approval Tax Rate Worksheet.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice, Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- 1. Maintenance and Operations (M&O) Tax Rate: The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- 2. Debt Rate: The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year, This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

SECTION 3: NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise Its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the difference between the adopted tax rate and voter-approval tax rate before the unused increment rate for the prior three years. 19 In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the unused increment rate for that year would be zero.

The difference between the adopted tax rate and voter-approval tax rate is considered zero in the following scenarios:

- a tax year before 2020; 40
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a); 4 or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval. 42

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit. 43

SECTION 6: De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit. 40 This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.

SECTION 7: Voter-Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.46

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year. 47

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago.

This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

Enter the final adjusted 2021 voter-approval tax rate from the worksheet. - or - If the taxing unit adopted a tax rate above the 2021 voter-approval tax rate without calculating a disaster tax rate or holding an election due to a disaster, no recalculation is necessary.
